Dear Barry,

On behalf of all of us at PYA, thank you for your ongoing support and collaboration. When we embarked on our "Walk of Legends" campaign, we knew that we had a great concept to engage our community but we did not have the right partner to fulfill its promise.

With you and the 4EverBricks.com team we have put in place a fundraising campaign that has already proven to be a great success and will continue to raise funds and beautify our facilities for years to come. You are literally and figuratively helping us "pave the way" for our young athletes.

What has made our initiative such a success is the all-in-one solution you provide us: identifying best bricks for paving, building our fundraising website and integrating that with an online payment system, and of course, brick fulfillment. But perhaps what is most important is the personal effort and attention you extend to us as if we were your only client.

You have become part of the PYA family and we hope you make your way up to Long Island some time soon to walk on our walkway and take in an afternoon of baseball, softball, and lacrosse! Many thanks for our ongoing partnership.

All the best,

Greg Sheps

Brian McCormack
